

Your Name and Organisation _____

Thank you for hosting one of the open space sessions on relevant practice experience/needs to share and potentially build on to achieve transformational change! Please use this template to record your main results as input for the co-chairs' report. And simultaneously answer the question "How does this help us to identify which changes need to happen?" in slido (feel free to ask one of the participants to support you)

Your Topic for exchange (basic description of your experience/challenge/hypothesis):

Experiences in implementing Aichi Target 18 - very few Parties are reporting and implementing this.

Basic overview of participants (please ask for this at the beginning of the session):

Rough number of participants: 15
Rough overview of represented organisations/countries:
IPCCs - 6
Gov'ts - 5
Int'l Org. - 4

How does this help us to identify which changes need to happen?

① Traditional knowledge is cross-cutting all Aichi Biodiversity targets and not confined to T18 and needs to be mainstreamed.
② Deepen understanding of the distinct categories of Indigenous Peoples and Local Communities in diverse national contexts in order to improve implementation of working with these custodians of biodiversity and local governance.
