

Your Name and Organisation Rizwan Irshad Ministry of climate change
Islamabad PAKISTAN.

Thank you for hosting one of the open space sessions on relevant practice experience/needs to share and potentially build on to achieve transformational change! Please use this template to record your main results as input for the co-chairs' report. And simultaneously answer the question "How does this help us to identify which changes need to happen?" in slide (feel free to ask one of the participants to support you)

<p>Your Topic for exchange (basic description of your experience/ challenge/ hypothesis):</p>	<p>Species Conservation through Participatory management: Ungulate species (Selected) are owned managed and conserved by local communities and then species hunting through a competitive and transparent process.</p>
<p>Basic overview of participants (please ask for this at the beginning of the session):</p>	<p>Rough number of participants: About 10+2 (12) Rough overview of represented organisations/countries: Ghana, Spain, Bangladesh, Kyrgyzstan, Pakistan, (two other African countries), Cook Island. Mostly Government representatives.</p>
<p>How does this help us to identify which changes need to happen?</p> 	<p>The discussion remained productive. It helped in learning similar experiences in apparently distant places (like Africa & Cook Island). It also helped sharing of experiences in challenges faced in similar initiatives.</p>
